ARTICLE IV LEADERSHIP IN OUTREACH: FUNDRAISING, ALUMNI, AND HIGH SCHOOL CHAPTERS

Section 1 – Fundraising
The main proponents of fundraising that the University of Oklahoma AISES Chapter utilizes are the Corporate Sponsorship Proposal and the Tribal Sponsorship Proposal. These two proposals allow the Chapter to successfully raise funds for its members and, in turn, help benefit the community and high school chapters being monitored under the Chapter. The proposals are physically mailed to prospective sponsors and current sponsors once each within the first month of the academic semester. Companies and tribes that respond as monetary sponsors are then followed up with a thank you letter, and their contact information is cataloged within the Society.

The University of Oklahoma AISES Website (aises.ou.edu) allows sponsors, alumni, and friends to support the Society through monetary gifts at aises.ou.edu/support. These gifts are cataloged with the OU Foundation through the Gallogly College of Engineering and deposited into the OU AISES account.

The Society is also capable of securing additional funds through various means including, but not limited to: t-shirt sales, frybread sales, etc.

Section 2 – Alumni
Former members of the University of Oklahoma AISES Chapter, hereby known as Alumni, are very important to the success of the Society. This is why there are methods that the Chapter uses to remain in constant communication with our Alumni.

The Society shall maintain an alumni roster that contains the basic information of current and former members of the Society. This roster includes, but is not limited to:

a) Name
b) Tribe
c) Address
d) Email
e) Phone
f) Year Graduated
g) Positions Held

The Society shall also maintain and update the alumni directory that is available on the OU AISES website. The directory allows Alumni to interact through various methods including LinkedIn, Facebook, email, phone, etc. The Directory is a vital tool that will continuously allow current leadership to communicate with Alumni so as to invite to events and interact with current members.

Section 3 – High School Chapters
High School Chapters within the states of Arkansas, Kansas, Louisiana, Missouri, Oklahoma and Texas are within the same Region that the University of Oklahoma resides. The University of Oklahoma AISES Chapter shall be responsible for the continued monitoring of High School AISES Chapters within the State of Oklahoma. The maintenance of healthy relationships between the Society and State High School Chapters is an extremely important aspect of the Society so as to ensure that future years of AISES Collegiate Chapters will have a steady influx of young and energetic AISES members.
The Native Outreach Chair is responsible for maintaining relationships between the Society and established High School AISES Chapters. This position shall monitor all High School AISES Chapters within the State of Oklahoma as a “big brother” figure allowing the Society to offer a unique guidance to younger members.

The Native Outreach Chair shall also maintain relationships with the Oklahoma AISES Professional Chapter to create opportunities between Oklahoma High School AISES Chapters and the Oklahoma Professional Chapter.

The following are suggested actions that the Society can offer a variety of opportunities to the High School AISES Chapters:

ARTICLE VI

ASSEMBLY RULES OF ORDER: ORDERS OF BUSINESS, MOTIONS AND SECONDARY MOTIONS, DEBATES AND VOTING, REMOVAL FROM SOCIETY, DISSOLUTION OF THE SOCIETY, AND ROBERT'S RULES OF ORDER

Section 1 – Orders of Business

Business is brought forth before the assembly by the motion of a presiding member. The motion must be seconded by a second presiding member, and then confirmed by the President in order to have the floor. When two or more questions are on the floor, the member whom first raised a question must be motioned to first. If a member has risen to claim the floor or has been assigned the floor and calls for the question to be made, it is the duty of the President to suppress the disorder and protect the member who is entitled to the floor. After a member has been assigned the floor, a member or the President, with the exceptions of the following, cannot interrupt him or her.

a) A motion to reconsider
b) A point of order
c) An objection to the consideration of the question
d) A request or demand that the question be divided when it consists of more than one independent resolution on different subjects
e) A parliamentary inquiry or a request for information that requires immediate answer

Section 2 – Motions and Secondary Motions

A motion is a proposal that the assembly take certain action. It is made when a member obtains the floor, as already described, saying, "I move that" (which is equivalent to saying, "I propose that"), and then stating the action he or she proposes to have taken. As a general rule no member can make two motions at a time except by general consent.

As a general rule, with the exceptions given below, every motion should be seconded. This is to prevent time being consumed in considering a question that only one person favors, and consequently little attention is paid to it in routine motions. Where the President is certain the motion meets with general favor, and yet members are slow about seconding it, he may proceed without waiting for a second. Yet, anyone may make a point of order that the motion has not been seconded, and then the President is obliged to formally proceed and call for a second. The better way when a motion is not at once seconded is for the President to ask, "Is the motion seconded?" After a motion has been made, no other motion is in order until the President has stated the question on this motion, or has declared, “A reasonable opportunity has been given for a second; therefore, the motion is ruled out of order.”

a) Questions of Order  
b) Call for Orders of the Day  
c) Call for Division of the Assembly (In voting)  
d) Nominations  
e) Inquiries of any Kind

Section 3 – Debates and Voting

After the President has stated a question, it is before the assembly for consideration and action. All communications to the assembly may be debated before final action is taken on them, unless by a two-thirds vote the assembly decides to dispose of them without debate. By a two-thirds vote is meant two-thirds of the votes cast, a quorum being present.

When the debate appears to have closed, the President asks again, "Are you ready for the question?" If no one rises he proceeds to put the question -- that is, to take the vote on the question, first calling for the affirmative and then for the negative vote. In putting the question the President should make
perfectly clear what the question is that the assembly is to decide. If the question is on the adoption of a resolution, unless it has been read very recently, it should be read again, the question being put in a way similar to this: "The question is on the adoption of the resolution [which the President reads]; those in favor of the resolution say aye; those opposed say no. The ayes have it, and the resolution is adopted;" or, "The noes have it, and the resolution is lost." If unclear the number of ayes or noes, decisions will be based upon the raising of hands in favor of the adoption.

Section 4 – Removal from Society
Within the Society, officers and members can be disciplined for conduct outside a meeting or work in the organization that tends to injure the good name of the organization, disturb its well-being, or hamper it in its work. Officers can be removed from office as a result of, but not strictly limited to, the reasons listed below by a two-thirds vote.

a) Not attending meetings and not doing the designated work  
b) Embezzlement of funds or other criminal activities  
c) Harming the good name of the organization  
d) Abusing the privilege of his or her office (i.e. Presidential duties such as not allowing members to make motions, to debate, pushing through a personal agenda, ignoring the bylaws when it is for his purpose.)

Removal of officers and members allow any member during new business to make a motion to remove a particular officer or member. This motion requires a second and is debatable, and the motion requires a vote by written ballot.

If the President is the subject of the motion to rescind, he must step down from the presidency and let another officer preside.

Section 5 – Dissolution of the Society
In the event of dissolution of the Society, all assets and financial records of the Society will be transferred promptly to the Gallogly College of Engineering, Diversity and Inclusion Program

Section 6 – Robert’s Rules of Order
Matters not covered in this Constitution will follow Robert's Rules of Order, Revised.
ARTICLE VII MEETINGS OF THE ORGANIZATION: REQUIRED MEETINGS, FREQUENCY, AND NOTIFICATION OF EVENTS

Section 1 – Required Meetings
The elected officers for the academic year determine how many general meetings are required for the general membership of the Society. The elected officers for the academic year will also determine how many officer meetings each officer is allowed to miss. Elected officers are required to attend each scheduled officer meeting. Officers are expected to not deliberately schedule class times during officer meeting times if avoidable. Exceptions for missing an officer meeting are as follows:
1. It is the policy of the University to excuse absences of students that result from religious observances and legally required absences (such as military service and jury duty)
2. If the officer has an academic conflict (i.e. unavoidable class schedule)
3. If the officer is affected by a physical illness or injury
4. If there is a family/friend/spousal illness or injury
5. If there is a family/friend special event (i.e. wedding, funeral, baptism, etc.)

Section 2 – Frequency
Once the meetings are started at the beginning of the academic year, general meetings are held every two weeks depending on other pre-scheduled events. Officer meetings are under the discretion of the President and may be held either every two weeks or every week.

Section 3 – Notification of Events
The Public Relations Chair is responsible for sending out e-mails and publicizing on social media about any event or meeting that concerns the Society. The use of chalking and the OU Daily are also used to notify other members of the University. The Society requires at least one week’s notice prior to meeting or events.
